

MAKE-A-WISH® MICHIGAN

LEADER IN JOY

Beaumont® | CHILDREN'S HOSPITAL

Beaumont Children's Hospital is an important partner in sharing the Make-A-Wish mission with families. Their team of compassionate caregivers has been instrumental in referring children and allowing us to make wishes come true in southeast Michigan. Approximately one-third of the wishes we grant are for children residing in Wayne, Oakland and Macomb counties, and Make-A-Wish Michigan is privileged to work with Beaumont Children's Hospital in serving children with life-threatening medical conditions.

"Through partnership with an organization such as Make-A-Wish, we can provide these children and their families with special and unforgettable moments that become a **high point** – a happy memory – during their medical journey.

"Seeing the joy that patients experience as part of their Make-A-Wish is a true highlight, a 'feel good' time for everyone. **Amidst all the difficulties that these patients and families face, their wishes always represent a positive time during or after their treatment.**"
