HEALTH SYSTEM

Make-A-Wish Michigan has a long history of working with C.S. Mott Children's Hospital to bring hope, strength and joy to Michigan kids. Their medical care professionals serve as tremendous partners and invaluable resources in our mission to positively impact children's health care journeys. Throughout the years they have been a vital referral source, referring more than one-fourth of the children who qualified for a wish last year alone. We are privileged to work with such dedicated referral sources who have helped us share the power of a wish® with thousands of Michigan children over the decades.

"For Child Life, the wish process is an opportunity to celebrate and acknowledge the patient and family's treatment journey. On a patient's most difficult days, Child Life often **uses the wish as a way to help them understand** that while things are difficult in the moment, **there is something to look forward to.**"
