

MAKE-A-WISH® MICHIGAN

LEADER IN JOY

The Brown Family

The Brown Family and Friends golf outing started more than 15 years ago to honor and remember Stella “Ma” Alexander, Joel Brown’s grandmother. Since then, this annual golf outing has become one of our most highly anticipated third-party events. Not only do the Browns open their home for a post-golf dinner and awards ceremony, they work tirelessly all year to assure a successful event to support children’s wishes. Since its inception, the outing has raised more than \$200,000 to make wishes come true.

“The opportunity to help the kids and families impacted by the challenges associated with life-threatening illnesses means a lot to us. We initially got involved to help the kids and their families. **We had no idea how much the wish families would impact us!**”
