MAKE-A-WISH® MICHIGAN

LEADER IN JOY

Year after year, the Detroit Lions step forward to positively impact our wish children and families with their generous support. Countless smiles have been created from wishes to meet favorite players like Barry Sanders and Ndamukong Suh – just to name a few. The Detroit Lions take great care to create special and uplifting experiences for our wish kids, and we are so grateful for their continued commitment to making a difference in the lives of the children we serve.

“The Detroit Lions are honored to be recognized as a Leader in Joy and accept this great recognition on behalf of our players who step up to the plate whenever needed.”
